FINDING A HEALTHY BALANCE

IF YOU GIVE A MEMBER A MISSION...

If you give your energetic, bouncing, courageous child a **balance beam** or **Y Ninja Gym course**, they will learn that **a good challenge** can be abundantly fun. When your child is having fun at the Y, they cultivate friendships and **healthy habits that last**. Through our Gymnastics, Rosettes Competitive Team and Y Ninja Gym programs, the Y supports a never-ending love of physical activity that builds self-confidence, a joy of life, and a well of memories to lean on when confronted with future challenges.

A donation to the Family Expansion Project helps us to continue to foster in members a **balance of mental grit** as skills are learned, with the opportunity to push muscles, coordination **and the physical body** to their **peak performance**.

As our member mouse visits our Gymnastics and Y Ninja Gym program for this last chapter of the If You Give a Member a Mission series, we reflect on all the value our members enjoy through Y membership. The expanded facility was conceived and is being built with YOU, our members, and our community at the focus.

We truly appreciate you and hope that these stories inspire you to make a donation to our Family Center Expansion Project. EVERY AMOUNT helps.

Membership dollars are not a part of the Family Center Expansion fund.

Your mission, should you choose to accept it...

Join our generous challenge donor and count yourself along the 300 members who achieve the Family Center Expansion fundraising goal.
