

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Providing a safe environment is our top priority. We ask all Sports Participants to adhere to the following policies:

- Prior to class, participants (and parent dropping off child) will receive a health check when entering the building and be asked to leave if they have a temperature 100.4 degrees or higher or have done the following within the previous 14 days: Been in contact with someone diagnosed with COVID-19, experiencing symptoms of COVID-19, or traveled to a state currently on the Travel Advisory Quarantine list.
- Participants ages 11 and under must be accompanied into the building by a parent or guardian.
- Please arrive no earlier than 10 minutes prior to the start of class to avoid crowding in the lobby and halls.
- Participants will check in at the Welcome Center and be asked to check out at the Welcome Center when leaving.
- After dropping your child off outside of the Basketball Gymnasium, parents must wait outside or in their cars for the duration of the class. When class is finished, parent or guardian will wait on the designated social distancing floor markers in the hallway to the side of the Basketball Gymnasium. Participants will be dismissed one at a time.
- Masks/face coverings are to be worn by anyone over the age of 2 who enters the facility. Instructors and class participants will wear masks/face coverings while participating in all class activities.
- Parent/guardian and participants may not visit any other part of the YMCA, and are required to leave the facility promptly after their class ends. Gathering in common areas will not be permitted.
- Participants must wash their hands prior to entering the gymnasium.
- Designated social distancing spaces for each athlete have been marked on the floor of the Basketball Gymnasium. Participants must remain in their designated space throughout the class period unless asked to move by the instructor.
- Participants should use the restroom before or after class. In the case of emergency, athletes ages 11 and under will be escorted to the nearest restroom by the instructor/coach and allowed into the restroom one at a time wearing a mask/face covering and strict hand washing enforced. Athletes ages 12 and up will be allowed to use the restroom one at a time wearing a mask/face covering and required to wash hands.
- Participants who do not adhere to social distancing guidelines may be asked to leave the class.
- The adult and youth locker rooms are closed, and participants are asked to arrive at the YMCA ready for their class. Family changing rooms are available for emergency access only if needed.
- A water bottle is recommended since the water fountains will not be in use. A backpack will also be required to store any personal belongings.
